

**Precautionary Statements:**

If spilled, surface will become tacky. Non-hazardous to Humans, Fish or Animals. No Protective clothing is required. However, it is recommended that gloves and eye protection be worn when handling and mixing. May cause skin and eye irritation in some individuals.

If product comes in contact with skin, wash thoroughly with soap and water.

If product comes in contact with eyes, flush for 15 minutes with pure water. If irritation persists, seek medical attention.

NO KNOWN ENVIRONMENTAL HAZARDS.

**Storage and Disposal:**

Separation may occur during storage. Remix by shaking the container vigorously until contents are homogenous.

PRODUCT MUST BE USED WITHIN 60 DAYS AFTER OPENING ANY CONTAINER.

Avoid storage that may result in freezing. Store at temperatures above 40°F.

Do not add water to containers and reseal.

KEEP OUT OF REACH OF CHILDREN AND ANIMALS.

Store in cool dry area, avoid high temperatures, and carefully open containers. Shelf life of this product is eight (8) months or longer if maintained at temperatures below 70°F.

In case of spill, confine with any absorbent material. Use absorbent towels or pads to soak up spill. Then wash area with soap and water.

Dispose at any sanitary landfill or other waste disposal site.

**Warranty:**

Poulenger USA makes no warranty, either expressed or implied, concerning the use of this product other than indicated on the label. Poulenger USA recommendations for the use of this product are based on tests believed to be reliable. The use and application of the product is beyond the control of the manufacturer, therefore no guarantees or warranties are expressed or implied relating to the effectiveness or performance of the product.

# AQUAPLEX™

## WETTING AGENT *plus* KELP EXTRACT

For use on Sports Turf and Golf Course  
Greens, Tees, and Fairways

**AQUAPLEX formulation combines the moisture management of AQUABOND and the root mass development of CYTOAUX.**

**AQUAPLEX reduces irrigation requirements, insures proper wetting throughout the soil matrix, reduces heat wilt and stress, while promoting root growth, and improving plant health.**

**AQUAPLEX is environmentally safe.**

**Active Ingredient:**

**Liquid copolymer, organic humectants, sulfates, liquid extract from north Atlantic sea kelp, extracted auxins and gibberellins from New Zealand sea kelp.**

**Inert Ingredients:**

Distilled water

**Contents: 2.5 Gallon**

**Application Rates:**

1 gallon per acre (9.34L per ha). Followed by 96 ounces per acre (6.92L per ha) every 30 days or as needed during the growing season.

Grow-in and for turf under stress due to poor root structure apply 2 gallons per acre (18.68L per ha) followed by 1 gallon per acre (9.34L per ha) every 30 days. After three applications use standard rates.

**Application Method:**

Spray product and water mixture using a minimum of 40 gallons of water per acre (151.42L per ha). Apply sufficient irrigation to insure product is placed into the root zone.

DO NOT OVER WATER.

May be applied through irrigation and fertigation systems.

**Tank Mixing Instructions:**

Gradually add product to the tank while filling. DO NOT POUR INTO EMPTY TANK OR WHEN TANK IS COMPLETELY FULL. Agitate well during filling and application. It may be necessary to remove inlet pump filters from some models of sprayers.
