

### Precautionary Statements:

If spilled, surface will become extremely slippery. Non-hazardous to Humans, Fish or Animals. No Protective clothing is required. However, it is recommended that gloves and eye protection be worn when handling and mixing. May cause skin and eye irritation in some individuals.

If product comes in contact with skin, wash thoroughly with soap and water.

If product comes in contact with eyes, flush for 15 minutes with pure water. If irritation persists, seek medical attention.

**NO KNOWN ENVIRONMENTAL HAZARDS.**

### Storage and Disposal:

Avoid storage that may result in freezing. Store at temperatures above 40°F.

**KEEP OUT OF REACH OF CHILDREN AND ANIMALS.**

Store in cool dry area, avoid high temperatures, and carefully open containers. Shelf life of this product is one (1) year or longer if maintained at temperatures below 70°F and above 40°F.

Slight discoloration may occur after time without product being affected.

In case of spill, confine with any absorbent material. Use absorbent towels or pads to soak up spill. Then wash area with soap and water.

**Note:** Wear slip resistant shoes when handling spills.

Dispose at any sanitary landfill or other waste disposal site. (Follow all State and Federal disposal laws.)

### Warranty:

Poulenger USA, Inc. makes no warranty, either expressed or implied, concerning the use of this product other than indicated on the label.

Poulenger USA, Inc. recommendations for the use of this product are based on tests believed to be reliable. The use and application of the product is beyond the control of the manufacturer, therefore no guarantees or warranties are expressed or implied relating to the effectiveness or performance of the product.

# NaEx™

**Reduces  
Soil Sodium  
Levels**

**Root Salt Guard**

**Rapid Improvement  
of Turf Color and  
Vigor**

Programmed use of *NaEx*™ will reduce the sodium level in the soil. *NaEx*™ SEQUESTERS SALTS AND RENDERS THEM UNAVAILABLE TO PLANTS.

*NaEx*™ displaces salts that occur as a result of irrigating with reclaimed water, high sodium levels in well water, pond water, fertilizer use, and ocean mist. *NaEx*™ coats the plant roots protecting against salt damage and enhances nutrient uptake and nitrogen retention. Reduces the plants irrigation requirements. *NaEx*™ contains a surfactant to insure proper soil penetration and even distribution in the root zone.

**Net Contents: 2.5 Gallon-unless noted below**

5 Gallons  30 Gallons  55 Gallons  250 Gallons

**Great For:  
Golf Course  
Greens, Tees &  
Fairways  
Sports Fields  
Sod Farms  
Home Lawns**

### Contents:

Liquid copolymer surfactant, humectants, sulfates and proprietary additives.  
(NOT A PLANT FOOD)

### Treatment Program:

Initial application for severe conditions apply 4 gallons per acre or 12fl.oz per 1000ft<sup>2</sup>. Reapply at 6-8fl.oz per 1000ft<sup>2</sup> every two weeks until plant conditions improve. Apply 6-8fl.oz per 1000ft<sup>2</sup> monthly for maintenance. Syringe irrigate after application.

**High Irrigation Water Salinity:** Proportionally inject 16 to 32 ounces of product per acre weekly with irrigation.

**Ornamental and shadeTrees:** Apply 0.25fl.oz per square foot of root canopy.

**Growing conditions may dictate the need for specific application programs.**

### Tank Mixing Instructions:

Gradually add *NaEx*™ to the mixing tank while filling. Make sure that the spray mixture is thoroughly agitated to provide uniform dispersion throughout. **Mix *NaEx*™ at a ratio of 1 part to 40 parts of water for sprayer tank mixing.** Once *NaEx*™ is in suspension, it will remain in suspension.
