

Precautionary Statements:

If spilled, surface will become extremely slippery.

This product is considered non-hazardous to Humans, Fish or Animals. No Protective clothing is required. However, it is recommended that gloves and eye protection be worn when handling and mixing. May cause skin and eye irritation in some individuals.

If product comes in contact with skin, wash with soap and water.

If product comes in contact with eyes, flush for 15 minutes with pure water. If irritation persists, seek medical attention.

NO KNOWN ENVIRONMENTAL HAZARDS.

Storage and Disposal:

Avoid storage that may result in freezing. Store at temperatures above 40°F and below 100°F.

KEEP OUT OF REACH OF CHILDREN AND ANIMALS.

Store in cool dry area, avoid high temperatures, and carefully open containers. Shelf life of this product is 1 Year or longer if maintained at temperatures below 70°F. Discoloration might occur after time.

In case of spill, confine with any absorbent material. Then wash area with soap and water.

Dispose at any sanitary landfill or other waste disposal site.

Warranty:

Poulenger USA makes no warranty, either expressed or implied, concerning the use of this product other than indicated on the label. Poulenger USA recommendations for the use of this product are based on tests believed to be reliable. The use and application of the product is beyond the control of the manufacturer, therefore no guarantees or warranties are expressed or implied relating to the effectiveness or performance of the product.

U.S. Patents Pending

TURF-COTE™

GREEN TURF COLORANT

Batch Number:

TURF-COTE colorant is a concentrated 100% acrylic water based product. It will not harm plants, animals, or fish. TURF-COTE is non-combustible and non-hazardous.

Color: BERMUDA

The concentrate color is intense and it is recommended that lower rates be applied with maximum water to produce a transition color. Increasing the colorant application rate and reducing the amount of water will intensify the color.

Net Contents: 2.5 Gallon unless indicated below.

1 Gallon ___ 5 Gallons ___ 55 Gallons ___ 250 Gallons ___

NaEx Corp. Stafford, Texas USA

Contents:

Acrylic water based turf colorant.

Application Rates:

- Greens, Tees, and Fairways-----25-10 GPA*
- Sports Fields-----10-15 GPA*
- Football Fields-----15-20 GPA*
- Lawns-----25-5 GPA*

* Will vary based on color requirements

Product is engineered to last an entire season with one application at higher rates. However for golf courses and sports fields, it is recommended that 2-3 light applications be made to insure the desired depth of color.

Application Method:

Spray *TURF-COTE* with one part product to 5-10 parts water. Less water may be used to increase the green coloring. Use only cool clean water. Apply in one direction and then apply perpendicular to the first. DO NOT APPLY when the ambient temperature is below 50 degrees F, or when the turf/soil temperature exceeds 140 degrees F. Do not apply when rain is imminent.

Allow a minimum of one (1) hour of drying.

Tank Mixing Instructions:

Gradually add *TURF-COTE* to the tank while filling. DO NOT POUR INTO EMPTY TANK OR WHEN TANK IS COMPLETELY FULL. Agitate well during filling and application. Clean sprayer tank thoroughly after use. Unused mixture may be sealed and used at a later date.
